

A smiling woman with short dark hair is holding a baby. The baby is wearing a bright red jacket with black buttons and a circular logo on the chest. The woman is also wearing a red shirt. They are outdoors, with a blue and white striped canopy in the background. The scene is bright and cheerful.

Pro-Life Global Presents

2022 ANNUAL REPORT

YOU ARE A LIFESAVER!

THANK YOU FOR BEING A LIFESAVER!

DEAR PARTNER,

Why?” I was asked recently in an interview. “Why? Why is the adversary’s plan a plan of death?” The question continued to echo in my mind, even days later. It made me go back to the beginning: God created man and woman – in His image. He created us perfect. We didn’t see our own nakedness, inadequacy, and shame. We weren’t self-focused, but God focused. But we tried to have it all – to be like God. And in the process our eyes turned to ourselves. We became fearful, realizing what we’d done and how weak we are. In this perspective, the world looks bleak and hopeless. It’s the way the world looks to many who are caught in depression, anxiety, and circumstances which appear to have no way out.

In these situations, some choose to end their own life or that of another. This breaks God’s heart. Before He even formed us in the womb, He made each of us with a purpose and a plan. And set us apart to do His purposes – to have a beautiful and abundant relationship with him ON EARTH. So often as Christians we focus on the eternal life with Christ, while forgetting that God made us as humans with earthly bodies and came Himself in a human body so that we could have abundant life with Him – even now.

He came to set the captives free – those who are on death row – *that’s each of us*. So are one out of three of our preborn neighbors – before they even get the chance to leave their mother’s womb. But the story doesn’t end here. God came to set us free. And he wants to set free every other human trapped in fear and hopelessness and death. And he wants to use you. So that all the world may know Him.

*Let this be recorded for a generation to come, so that people yet to be created may praise the LORD:
That he looked down from his holy height; from heaven the LORD looked at the earth,
To hear the groans of the prisoners, to set free those who were doomed to die,
That they may declare in Zion the name of the LORD, and in Jerusalem his praise,
When people gather together, and kingdoms, to worship the LORD.
Psalm 102:18-22*

We thank YOU for being a lifesaver!

Very Respectfully,

President of Pro-Life Global

CREATING A PRO-LIFE WORLD

A world without abortion

We work towards a world with local communities that empower youth and families to live in the fullness of Christ and embrace life.

Equip leaders for change

We equip, empower, and connect leaders globally to launch youth LIFE Teams, saving lives now and for eternity.

WHERE?

LIFE TEAM COUNTRIES 2022:

Mexico, Guatemala, Columbia, Jamaica, Nigeria,
Uganda, Kenya, Burundi

Thank you for raising lifesavers in around the globe!

Polly's Story

It was February 2022. Polly, a third-year university student, stared blankly at the positive pregnancy test in her hands. Fears poured from her eyes. The fear that pregnancy will keep her from finishing her studies raced through her mind.

"My parents will kick me out if they know that I'm pregnant and will refuse to pay my tuition fee," she sobbed to her friend, Rosie. "Plus my boyfriend is out of a job. Abortion is my only option."

But Rosie was a member of the LIFE Team at her campus. Applying the knowledge she had gained through Pro-Life Global trainings, Rosie explained to Polly how precious life is and loved by God from conception, and showed her the fetal development process. After sharing this, Rosie offered her the emotional, spiritual, and physical resources the local LIFE Team could offer. This made Polly and her boyfriend chose to keep their baby.

Polly gave birth in October to baby girl Bree. The couple is happy with their baby and are planning to get married when Polly graduates college. God blessed Polly's boyfriend with a job and he is now able to support their baby.

2022 STATS

From Pro-Life Global's founding in October, 2021 through end of 2022:

Over 16,000 Social Media Reach

1059 Leaders Trained

116 Individual Mentorship Sessions

59 Moms & Babies Saved

38 LIFE Teams Started

19 Countries' Leaders Equipped

8 Countries with LIFE Teams

OUR TEAM

Board Members

Bethany Janzen
President

John Porter
Finance Director

Melanie Salazar
Vice President

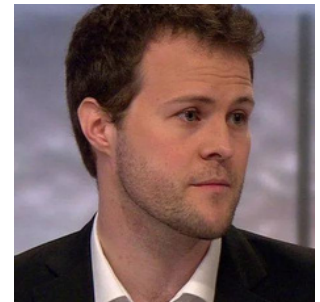

Johnathan Van Maren
Communications Director at
the Canadian Centre for
Bioethical Reform

Advisory Board

Mark Nicholson
Executive Director at
Passion Life

Callum Miller
Medical Doctor &
Abortion Researcher

OUR CORE VALUES

Intimacy with Jesus
Listening to and obeying Jesus

Passion
Loving with courage, with kindness
and compassion

Service
Walking in humility; bearing the
burdens of fellow believers

Integrity and Honesty
Living a lifestyle in alignment
with the Bible

INDIANS UNITE IN CHRIST TO SAVE LIVES

It was August 2022. A young Indian reached out to us on Instagram. He'd found the account of a European pro-life friend who'd recommended that he contact us. His name? Sebastien.

Sebastien wasn't just any Indian though. He ran a pro-life Instagram account and had just helped organize the first nationwide March for Life in India. A few years previously, Sebastien was suspended from university for speaking about abortion in a class.

Seeing the need to reach India's future leaders, Sebastien asked us to help him launch the first pro-life university groups in the world's most populous country – India – and home to an estimated 15 million people who are killed before birth every year.

We got in touch with an old contact from Jesus Youth – Dino – and connected him with Sebastien. In December, the High Court of Delhi approved an abortion for a 33-week-old preborn baby with a possible disability. Sebastien and Dino sprung into action, finding a Canadian family willing to adopt the baby. But they needed local contacts in Delhi.

We reached out to our friends at another international pro-life organization that trains pastors; they put us in touch with a pastor – Amit – from Kolkata who leads a network of Evangelical pro-life leaders from across India. In no time a pastor from Delhi had offered to help with the adoption paperwork and carrying for the child – if need be. We waited expectantly for word from the woman's attorneys.

A few days later we got the news: the child had been killed. We were all devastated.

However out of this out of this child's short life, God birthed a miracle. Catholics and Evangelicals came together and are now actively fighting unified to save lives.

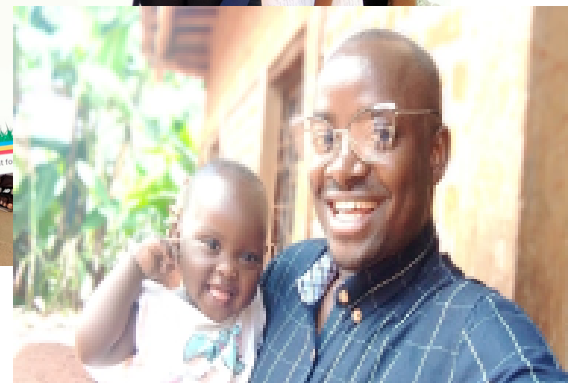

BURUNDI: NETHIA'S RESCUE

It was fall 2022. Students on campus noticed that a pregnant student no longer looked pregnant. Her infant was no where in sight. Going to her dorm, they noticed a trail of blood leading to the latrine. Peering inside, they saw a newborn baby: Nethia.

A few months before, a medical student from Burundi - Emmanuel - contacted Pro-Life Global asking for training to start a university pro-life team. When the three-day workshop commenced in June, Emmanuel was sitting on a bench outside with a few fellow students. Somehow they understood the drift through their broken English.

In the following months, they launched seven campus LIFE Teams at nearby universities, calling themselves Burundian Students for Life. It was one of these teams that rescued Nethia from the latrine and placed her with a local woman for adoption.

Since Nethia's rescue, Burundian Students for Life has saved 15 babies and moms from abortion. Through the support and network created by Pro-Life Global, they connected with donors who blessed them with a laptop and projector to lead pro-life education for students, an ultrasound machine, and a sewing machine that has directly impacted the lives of six mothers that use the machine to generate income for their families. In order to operate legally, Pro-Life Global provided a matching grant for Burundian Students for Life to apply for their Burundian non-profit registration. Once this is approved, it will enable them to move from campus to the community and ask for a partnership with the Burundian Ministry of Health.

JAMAICA: LAUNCHING THE FIRST STUDENT LIFE TEAMS

The lady in green gave her life to Jesus following our training. Then we prayed for her back - she was in massive pain - she said, "I think I'm healed!"

“

Pro-life Global has been a huge inspiration to open our eyes to see the genocide of the unborn around us. In September 2022, through their empowerment, we launched the first pro-life clubs in the Caribbean region, in two high schools and two universities. We are now working to save lives and change minds on the ground in Jamaica.

- Dr. Daniel Thomas, Love March Movement President

”

INVEST IN THE MISSION

Thanks to generous donors, Pro-Life Global is able to launch and raise up the next generation of lifesavers. As all of our student leaders and the majority of our team are volunteers, a little goes a long way!

Here are a few ways you can support Pro-Life Global:

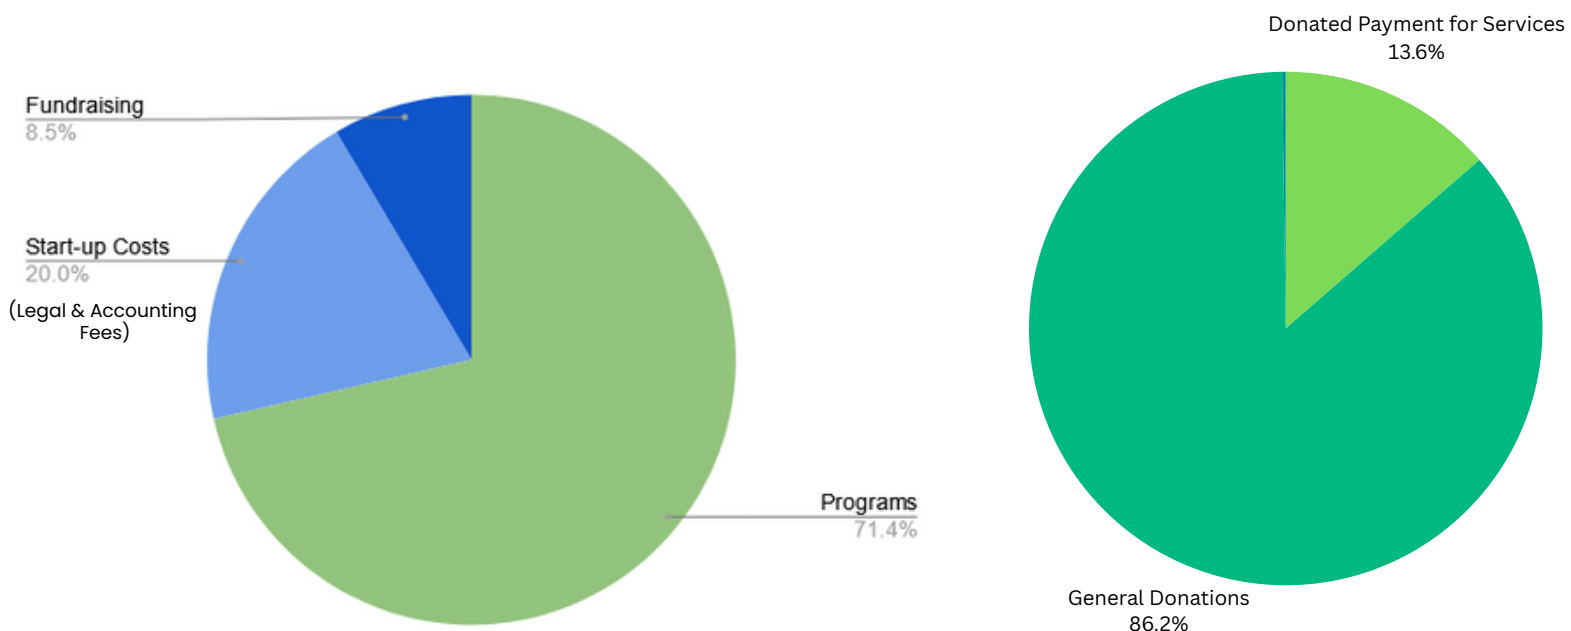

- Donate online at prolifeglobal.org
 - Mail a check to: 12042 SE Sunnyside Road #247, Clackamas, OR 97015
 - Donate from a traditional or Roth IRA (for supporters aged 70 ½ or older)
 - Donate stock
 - Set up a charitable gift annuity or trust
 - Include PLG in your will
 - Donate air miles and hotel rewards points
 - Contact us with your questions or to find out more
-

2022 Financials

\$84,878 Donations

\$11,546.50 donated payment for legal services to start the non-profit

\$69,120 Expenses

A close-up photograph of a woman with her back to the camera, showing her intricate braided hair. She is wearing a blue top and a necklace of bright green beads. She is holding a young child who is looking towards the camera and eating a cookie. The child is also wearing a necklace of bright green beads and several colorful bangles. The background is slightly blurred, showing an outdoor setting with tables and other people.
